Good Condition

Please replace COT by:

Dear Parents:

The Texas Department of Family and Protective Services and the Texas Department of Human Health Services require all cots to be in good condition. COTS may not have holes, be torn, split, breakings between the rims. Replacing cots will be the responsibility of each child/ren's parent @ \$30.00. In replacing a cot, it is very important that parents explain to their child/ren about playing on the cots. Sheets are available at the front desk for \$10.00 upon request.

Thanks in advance!
